March Extra 2017 Puck

Sirius

This challenging puzzle is very much of its time. Solve the clues and enter solutions in the grid jigsaw-wise, where they will fit.

Solutions for clues on Days 1-26 are entered in the grid as one or two words that do not involve snakes. There are seven reversals of direction. Two other clues provide two remaining solutions each consisting of two words, where one of the words is a snake. Clues 1-26 are presented in alphabetical order of their solutions.
