This puzzle celebrates a novella first published 120 years ago. Except for 1ac (a character who does not appear in much of the story) all answers are to be modified before entry according to the theme; 16 modifications are straightforward and similar, 28 are allusive and unique, of which one is classical. Numbers in brackets refer to unmodified answers. All clue answers and grid entries are in *Chambers* except one entry, a proper noun; one answer and five entries only appear as abbreviations. Clues are presented in alphabetical order of their answers.

Entrants to the world championship are 3D Calendar Puzzle owners (printed or internet versions) having thus donated at least £5 to BBC CiNA

A monthly prize of a reference book is awarded to a successful solver drawn from the hat. In the first instance this is the Chambers Standard Reference Dictionary. These monthly competitions are open to all.

Feedback

Please return by midnight of **July 16th** to:
