36 ^{30ba} We'll take lives in the old manner (4)	37 ^{23up,4aw-2} Cipher at work provides focus (4,2)	Celebrating the 58th anniversary of a classic film. Answers include both the film's stars and the composer of its score. The origin for the film can also be found by combining a further answer with the number of cells that must contain two identical letters. Clues are arranged in alphabetical order of their solutions.				Oct 2018
