

# July 2022 Soup

Grid by  
Soup

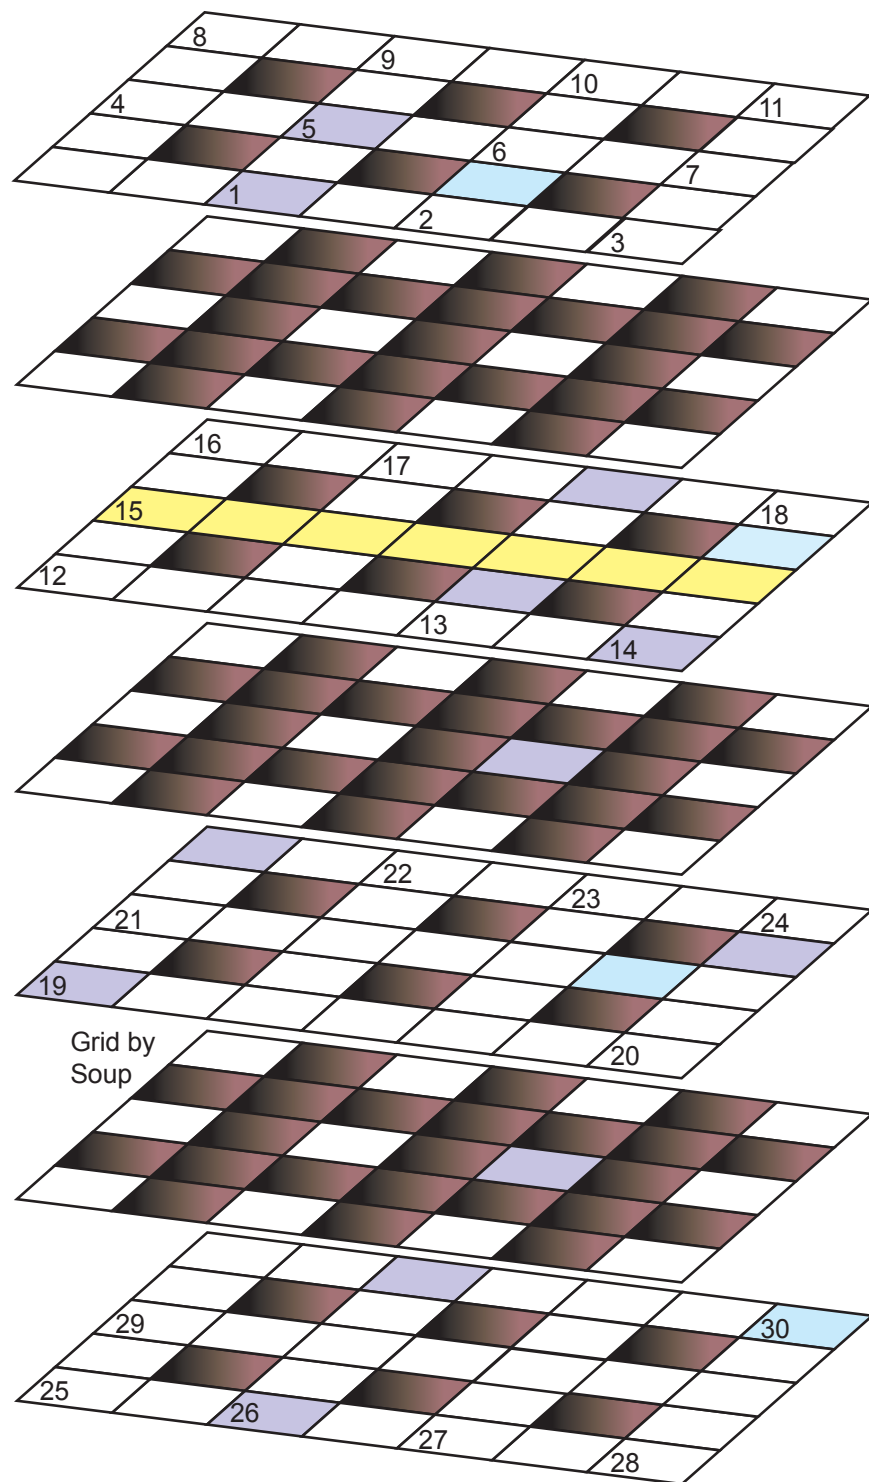

90 years ago this month, a Yorkshireman achieved a sporting record which still stands. His name (6,6) can be found in an anagram of the mauve squares and is to be submitted with your entry.

His achievement was ten [15ac, yellow squares] for ten [blue squares, reading down]. Correspondingly, ten clues (five each of five- and seven-letter solutions) are special: the solution given by the wordplay does not match the definition. For these clues, in the solution given by the wordplay, you must replace one instance of the usual abbreviation for the blue squares with the usual abbreviation for the yellow squares, to give a real word which matches the definition. The words matching the definition are the words which should be entered into the grid and submitted with your entry.

Clues are presented in alphabetical order of the solutions indicated by the wordplay.

MON	TUE	WED	THU	FRI	SAT	SUN
<p><b>39</b> 15ac</p> <p>Caught and run out in game, taken in by opponents, trying to protect these?
